

Halo Microphone

Our halo microphone is our most popular model, and features noise cancelling and a halo light indication at the base of the microphone stem. The halo lights up green when the system is working correctly and red when a fault is detected.

It can be screwed down or mounted using a standard self-adhesive pad. It is also available in brass or without a halo light indication.

Physical Data:

Dimensions	Height – 70mm (2.76") Width – 40mm (1.58") Length – 100mm (3.94")
Weight	Plastic stem – 65g (0.14lbs)
