

15268

Pan pipe holder

Product variant

15268-000-55 - black

Data

Material	steel
Screw-on to	tube diameter up to 30 mm
Suitable for	pan pipes
Type	black
Weight	0.45 kg

The flexible holder for all common pan pipes can be attached to all music and microphone stands with tube diameters of up to 30 mm using our protective rubber coated clamp. The distance of the holding pegs can be adjusted variably between 215 and 315 mm. The holding pegs are designed specifically for the pan pipe to securely hold the instrument in place. Musicians can access their instrument easily.
