

24630

Lighting stand

Product variant

24630-009-55 - black

Data

Height	from 1,955 to 2,915 mm
Height adjustment	locking screw with push-button system
Leg construction	tube legs with cross braces
Material	steel
Max. load capacity	20 kg
Product Category	Topline
Rod combination	2-piece folding design
Tube end(s)	diameter 35 mm, integrated threaded bush M10 for crossbars
Type	black
Weight	7.11 kg

The standard lighting stand constructed from steel tubing has been significantly improved. The new legs with tubing diameter of 35 mm guarantee stability and safety. Lasered bore holes and durable, robust plastic saddle washers improve the coefficient of friction between the legs and braces, and prevent scratching of the finish. A compact clamp with a patented push-button system affords user-friendly stand height adjustment. The locking screw provides additional stability. The integrated M10 thread adaptor can be used to attach the crossbars 213/9 and 21393.
