| Tube end(s) | »Ring Lock« diameter 35 to 37 mm |
| Type | black |
| Weight | 10 kg |

A decorative speaker stand with a unique patented expanding mandrel system that provides a stable, tight and firm fit for speakers. The movable plastic splints provide for a vibration-free connection between the rod and the speaker. Connecting the speaker is easy and is done using the handy ring lock - which is simply placed in position and screwed on.. The heavy cast iron plate with a relatively small diameter requires little space. The tried-and-tested spring-loaded bolt with locking screw makes height adjustment easy and safe. The stand has a maximum pull-out height of 1.800 mm and is suitable for speakers with a maximum weight of 20 kg.
